**The U.S. Environmental Protection Agency Announce the Initiation of Remedial Investigation/Feasibility Study Activities and Public Availability Session For the Cidra Groundwater Contamination Site Cidra, Puerto Rico**

The U.S. Environmental Protection Agency (EPA) in cooperation with the Municipality of Cidra announced the initiation of the Remedial Investigation / Feasibility Study (RI/FS) activities for the groundwater contamination at the Cidra Groundwater Contamination Superfund Site ("Site"). The Site is located in Cidra, Puerto Rico, just south of the Cidra Municipal Plaza and includes the Cidra Industrial Park.

As part of the RI/FS activities, EPA will conduct an availability session scheduled as follows:

DATE: December 5, 2007 TIME: 4:30 pm to 8:30 pm

LOCATION: Antigua Casa Alcaldia de Cidra

EPA representatives will be present to answer any questions from the community related to the Site and EPA's activities initiated in July 2007.

Copies of the relevant documents and the Administrative Record are available at the following locations:
